

Sound System Rental

Sound System Rental

If your tournament is within the contiguous United States, and is a USOA sanctioned event, you are entitled to use the USA-UWH underwater sound system for your tournament. There are two systems available to rent, so be sure to reserve what you need as early as possible.

System Description

Our standard system includes the following:

- 1 Underwater speaker
- 1 Air speaker
- 8 selectable alarms
- Multiple alarm triggers: 1 wireless remote, 1 tethered trigger, 1 local trigger
- 1/8" audio jack for external audio input (coming soon).
- Battery operation
- All contained in 1 Pelican Case

{insert photo to be supplied later}

System Usage

Please see the latest video on how to unpack, setup, use, and troubleshoot the USOA system:

https://youtu.be/n_XF4u80ygA

Rental Fee

\$150 includes shipping costs for both the arrival and return of the system. Once your tournament is complete, simply drop it off with UPS and the prepaid shipping label.

To rent the system, send \$150 per system to funds@usauwh.com via PayPal, and include the required information listed below.

Information Required

The following information is required for renting a sound system:

- Name of the tournament or event
- Dates of the tournament or event
- Name(s) of the tournament director(s)
- Full name of the person taking care of sound system (if not the tournament directory)
- Contact information of person taking care of sound system
- Shipping information – include shipping address, receiving person, phone number of receiving person
